## EARLY CHILDHOOD EDUCATION CAREER PATHWAY DEVELOPMENT WORKSHOP

### WHAT IS A PATHWAY?

*Pathways are frameworks for filling in gaps between education and workforce-training systems by addressing the goals of the student, educational systems, and industry as a whole unit rather than each in a silo. Each step on a career pathway is designed to prepare the student for the next level of education and employment by targeting industry sectors and providing a useable framework for high schools, community colleges, and ROPs.*

Kevin Fleming and Elizabeth Harvey of Telos Educational Services will be facilitating a workshop where participants will network; share best practices and collaborate on completing a Child Development Education pathway. A pathway template and instructions for completing it will be provided. Lunch will be provided.

**Time:** 10:30 am – 3:00 pm  
**Where:** Mt. San Jacinto Community College, Menifee Campus Bldg 900, RM 973
