

### WHAT IS TECH PREP?

Tech Prep identifies high school courses comparable to Mt. San Jacinto College courses and creates articulation agreements between them. These agreements allow students at their high schools who receive a B or better in a Tech Prep course and on the final to earn college credit at Mt. San Jacinto College without paying any tuition or fees.

Students complete an application while in their articulated high school class (necessary for receiving their college credit). Credit will be applied to students' Mt. San Jacinto College transcript one semester after the high school course has been completed.

MSJC provides guidance for students, parents and high school staff regarding the Mt. San Jacinto College procedures for the college and secondary articulation process.

### LEARN TO UTILIZE

- \* XHTML Standards
- \* Cascading Style Sheets
- \* Templates
- \* Adobe Dreamweaver
- \* Adobe PhotoShop
- \* Adobe ImageReady
- \* Adobe Flash
- \* Content Management Systems
- \* Shopping Carts

## MUL 218: DYNAMIC WEB DESIGN

This online course explores database-driven web design (Web 2.0). What does that mean? It means that you will create those sites that pull data from a server and serves it to a web page. Those sites are usually blogs, forums, podcasts, or shopping carts. And yes, you will be working with blogs, forums, podcasts and shopping carts...

Database driven websites are the bread and butter of web designers. It is here they can charge \$85 to \$150 an hour for their expertise. Designers who can create the "backend" of a site are in major demand. Sign up for this 16 week online course. It is highly recommended that you complete MUL 112 first.

- \* Transferable: CSU Elective Credit
- \* Recommended Prerequisite: **MUL 112**
- \* Units: 3

### WEB DESIGN CONCENTRATION (15 UNITS)

Emphasis is on content preparation for the Internet. Job Opportunities: **Web Designer**, Instructional Designer, Information Architect. A cumulative GPA of 2.0 or higher is required for these courses.

MUL-110	INTRODUCTION TO MULTIMEDIA	3 UNITS
MUL-112	INTERACTIVE MEDIA DESIGN I	3 UNITS
MUL-125	INTERACTIVE MOTION MEDIA	3 UNITS
MUL-158	INTERNET SCRIPTING WITH JAVASCRIPT	3 UNITS
MUL-218	DYNAMIC WEB DESIGN	3 UNITS

### A.S. IN MULTIMEDIA

Multimedia is a term that implies using computers to design and create media products that are distributed across the range of electronic medium. The "multimedia industry" is a general term used to identify the businesses and people who create, promote, or distribute multimedia products. Multimedia products are used

generally to inform, market, educate, or entertain and may consist of interactive DVD/CD products, Internet products, video and photographic projects, digital art images, and printed material. Knowledge of multimedia concepts and tools can prepare students for employment in the fields of traditional business, e-commerce, art, photography, computer graphics and more.

Transfer to a **four-year institution** is possible but not necessary for advanced employment opportunities. Completion of MSJC General Education Option A requirements for an Associate degree is recommended to enhance the students' ability to relate content to product.
